Subject: FW: Interview Questions
Attachments: EPA Answer to Interview Questions by Victoria Matsumura.docx

Good morning everyone,

I received HDOA's response late yesterday which I am forwarding to the group as an FYI. I will review and set up a short meeting with the investigation group next week to discuss next steps. As you may recall, the intent of the questions were to prepare the identified individuals for interviews, but now a determination needs to be made whether those interviews are still needed in light of HDOA's written responses.

In addition, for your awareness I have reached out to ADC a couple of times over the past several weeks and have not received a response back. ECRCO has had internal discussions and are considering sending a formal letter if we continue to not hear anything.

Let me know if you have any questions.

Thanks,

Hi Brittany,

Sorry for taking so long to get back to you. I had Victoria update the info on SB 3095, which was signed into law on June 13, 2018 with an effective date of July 1, 2018.

We are now scrambling to fix the proposed rule amendments to accommodate the new law.

Victoria's answers are attached. Ann is still MIA but I'm hoping Victoria, as the case developer, can shed light on the process. If you have any Kauai specific enforcement questions we might be able to get some feedback from Ann.

The proposed draft agreement is unacceptable to the Chairperson. I will send you a sample of something I think he may sign-off on.

Nothing is ever easy!!!

Hi Delanie,

I hope you are doing well. Thank you for the update. I am checking in on whether you heard anything back from Ann. If not, is there anyone besides Ann who would be able to share information with EPA? I would like to schedule the interview(s) soon. I will be out of the office for the remainder of the afternoon, but will be back in tomorrow.

Thank you for your help.

Hi Brittany,

I have gotten Victoria's back but not Ann's. Ann kind of feels like the Chairperson in that the Kauai and Molokai complainants are not truthful and are using the complaint to EPA as a publicity tool to further their agenda.

I'll give Ann one more try and see if she will answer the questions.

FYI – I have transferred to the Tobacco Enforcement Unit but I'm keeping this Complaint – since I've already invested so much time in it :)

I'll see what I can get going by the 12th.

Thanks for the update!

Got your draft, thank you so much!! I will review and get back to you. I don't know if they qualify as "experts" but they are the ones doing the work. Victoria Matsumura is the case developer who works out of the Honolulu office and Ann Kam is the Inspector on Kauai. Victoria has been writing out her responses to the questions. Ann is out on the road most days and I haven't heard back from her yet. Victoria and Ann can give you an idea of what happens in the "trenches." Anyone else you would like to hear from?

Have a great week-end!!

Hi Delanie-

Please see the sample draft informal resolution agreement. After you have had a chance to review, let us know if you have any questions. In addition, let's touch base early next week to see if you have identified the HDOA experts who we should speak with concerning the identified subject areas.

Subject: Interview Questions

Hi Delanie-

I hope you are doing well. Apologies for the delay in getting back to you with the types of questions that we would like to discuss with the identified HDOA representatives. As previously discussed, the purpose of the interviews will be to better inform and to provide background for the development of a draft resolution agreement. Please take a look and let us know who may be the appropriate folks within HDOA to discuss some of these items.

As an aside, we should be able to send you the sample informal resolution agreement within the upcoming week. Note that this sample will of course look different than a post interview(s) draft agreement.

I will be out of the office starting tomorrow, but will return on Tuesday, the 12th. Let me know if you have any questions. Thank you!

As previously discussed, the purpose of the call is to continue our conversation regarding potential informal resolution and to discuss HDOA's written feedback in response to EPA's one-pager.
